## INDEPENDENT AUDITOR'S REPORT

Board of Directors
Benefit Securities, Inc.

We have audited the accompanying statements of financial position of Benefit Securities, Inc. as of January 31, 2004 and 2003, and the related statements of operations and retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Benefits Securities, Inc. as of January 31, 2004 and 2003, and the results of its operations and its cash flows for the years then ended in conformity with accounting standards accepted in the United States of America.

## NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## Business Activities

Benefit Securities, Inc. (the Company), provides financial planning services and sells several investment companies' financial products to Alaskan investors. The Company is a member of the National Association of Securities Dealers, Inc. and Securities Investor Protection Corporation. Revenues are commissions from the investment companies on the products sold.

## Property and Equipment

Property and equipment are recorded at cost and depreciated using accelerated methods to amortize their cost over their estimated useful lives, which range from five to seven years.

#### Income Taxes

The Company prepares its financial statements using the accrual method of accounting and its tax return using the cash basis. When timing differences arise in the recognition of income, deferred income taxes are provided in those years.

Deferred income tax assets and liabilities result from timing differences between the cash and the accrual methods and the nondeductibility of the nonqualified deferred compensation for tax purposes until such time as it is paid.

## Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

#### Accounts Receivable

Accounts receivable are reported at the amount management expects to collect on balances outstanding at year-end. Management closely monitors outstanding balances and writes off, as of year-end, all balances that have not been collected by the time the financial statements are issued.

## Fair Value of Financial Instruments

As of January 31, 2004 the fair market value of the Company's financial assets and liabilities equaled or approximated their carrying values as recorded.

See auditor's report.

## NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, cont'd

### Advertising

Advertising costs are expensed as incurred. There were no advertising costs incurred for the years ended January 31, 2004 and 2003, respectively.

## Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## NOTE B - NONQUALIFIED DEFERRED COMPENSATION PLAN

The Company's investments are restricted for payment of a nonqualified deferred compensation plan maintained for a former employee. Because the Company's investments are intended to be held for an indefinite period of time, they are classified in accordance with Statement of Financial Accounting Standards No. 115 "Accounting for Certain Debt and Equity Securities," as available for sale. The investment consisted of an annuity with a market value of \$170,643 and \$206,788 at January 31, 2004 and 2003, respectively. The annuity has a fixed interest rate which allows for no market fluctuation and therefore, cost equals market. Payments in the amount of \$3,750 per month began February 2003 and 120 monthly installments are to be paid to the former employee. She was paid \$45,000 in compensation for the year ended January 31, 2004.

## NOTE C - DEFERRED INCOME TAXES

The provision for income tax differs from the expected tax provision computed by multiplying results of operations by the statutory federal income tax rates because of the use of the cash method of accounting for income tax purposes and the accrual method of accounting for financial statement purposes. This difference results in current deferred tax liabilities of \$2,400 and \$700 at January 31, 2004 and 2003, respectively.

In addition, noncurrent deferred income tax benefits of \$29,000 and \$35,200 at January 31, 2004 and 2003, respectively, arise because, unlike for financial accounting purposes, the nonqualified deferred compensation plan is not deductible for income tax purposes until paid. Payments began in February 2003 and \$6,200 was expensed for the year ended January 31, 2004.

### NOTE D - SHORT-TERM NOTE RECEIVABLE

The Company advanced funds to a shareholder in the amount of \$3,000 on July 1, 2003. The stated interest rate on the note was 4 percent per annum, payable on or before July 1, 2004. The note was secured by the shareholder's personal assets. Accrued interest at January 31, 2004 year-end was considered immaterial to the financial statements.

#### NOTE E – LEASE COMMITMENTS

The Company leases its office facility under a non-cancelable operating lease expiring on August 15, 2005.

The future minimum obligations under this lease are as follows:

Year Ending			
January 31,		· · · · · · · · · · · · · · · · · · ·	Amount
4	× 1		
2005		\$	15,708
2006		\$	9,818

In addition, the Company leases off-site storage space on a month-to-month basis at a rate of \$75 per month. A 7 day notice may cancel this lease.

Rental expenses for all operating leases for the years ended January 31, 2004 and 2003 were \$16,633 and \$20,885; respectively.

#### NOTE F – RETIREMENT PLAN

The Company maintains SIMPLE IRA accounts for all its employees. The Company contributes two percent of gross wages to the employees' SIMPLE IRA account. Contributions totaled \$2,737 and \$7,654 for the years ended January 31, 2004 and 2003, respectively.

### NOTE G – RECLASSIFICATIONS

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

See auditor's report.

## NOTE H - SUBSEQUENT EVENTS:

Pursuant to Rule 15c3-1 of the Securities Exchange Act of 1934, Benefit Securities, Inc. is required to maintain a minimum net capital, as defined by Rule 15c3-1, in conducting its business operations. The minimum net capital required for the Company is \$5,000. At January 31, 2004, the Company did not meet the \$5,000 minimum requirement.

## INDEPENDENT AUDITOR'S REPORT. ON SUPPLEMENTARY INFORMATION

Board of Directors Benefit Securities, Inc.

Our report on our audits of the basic financial statements of Benefit Securities, Inc. for January 31, 2004 and 2003 appears on page 2. Those audits were made for the purposes of forming an opinion on the basic financial statements taken as whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
